TRUSTEES REPORT

DEERING PUBLIC LIBRARY

Due to the road construction that existed during the summer months, the patronage of the Deering Public Library suffered. In spite of this handicap, however, we are pleased to report new borrowers from our Library.

With the service of the Book Mobile in June and September we have had many new books for adults and children, in circulation all year from the homes of our Trustees and Librarian.

Now that the construction is completed we would like to see the Library grow, and we invite both summer and winter residents to join our Friends of the Library group.

Due to the fact that this little building was originally a one-room District School and is the only one of its kind in its original state - with blackboards, map and desk, we have an important historic landmark.

Let us take pride in our Library and further the cause of learning through the reading of books.

Join the Friends of the Library.

Town of DeeringFOREST FIRE WARDEN'S REPORT

Preventing Forest Fires Is Our Responsibility

*

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms and other business places were threatened with possible total destruction.

Carelessly set man-caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules:

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control - pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 1 fire.
We burned 1/8 acre.
Permits issued. 100.
